

Shirley McGonigal

Celebrates her 90th Birthday

Shirley McGonigal's 90th birthday was celebrated at the United Churches of Langley on November 29, 2025.

Organized by her two daughters, it was a fun affair with speakers from across Canada and a Trivia Game - 1935.

Who would know the cost of groceries in 1935 or connect a singer with a song? The United Church Women (UCW) is very near and dear to many women involved in the Church and none more so than Shirley who became a member in 1971. She is currently the President of the UCOL UCW and is an integral part of all UCW events which take place at the Church. Shirley is also a member of the Fraser UCW Executive as the Archivist. She has taken hundreds of photos commemorating UCW events over the years. Shirley's devotion, commitment, enthusiasm, imagination, and organizational skills are an inspiration to us all. We are grateful for the work she has done.

May God continue to bless Shirley in the years to come.
