

UnSettling Hewlett Packard Pledge

We, as a faith community within the Pacific Mountain Region of the United Church of Canada, pledge to divest from or cease any activity/investment/purchase agreements that support Hewlett Packard.

With God being our helper, we will live into this pledge as part of our Justice Ministry and in response to Kairos Palestine's call for actions in the global Christian community that are bold, faithful and resolute to resist the occupation of Palestine. These actions include discernment, study, opposing anti-Semitism, and affirming the Palestinian right to resist.
